

# Frustrated with your card terminals?

*Say goodbye to terminal turmoil*

## Rates expensive & confusing?

Transaction & added interchange fees, terminal rental costs, compliance fees.. we will identify if you are overpaying with a detailed breakdown of your current charges.

## Protecting your profits?

A review allows you to renegotiate terms, switch providers and upgrade your technology. Hidden fees, outdated equipment or long contracts can eat into your profits.

## Getting your money every day?

You can now receive takings into your bank account from 6am next day, every day.. that's 365 days a year.

Transform your cash-flow.

## Why talk to us? CUSTOMER SERVICE & TRUST

We've helped thousands of businesses save an average of 25% on their card terminal fees (sometimes up to 60%). We also understand the fast-changing market & will recommend the best technology for your unique business needs.

We even run two businesses ourselves, where we can test and showcase payment technology.

Switch4Profit provide FREE independent advice & financial analysis to help you understand your current costs, providing quotes from other suppliers if needed.

We are a consultancy founded to advise business owners on the best systems to take their payments.

More simply, we help businesses remove unfair or hidden fees and pass on our knowledge from the last 30+ years.

*"Normally changing providers for card machines and all the back of house involved is a nightmare.. the team made it easy and were on hand to help with all integrations, acting as a go between different providers. The new integrated terminals are brilliant and my team already prefer the new set up"*

*"S4P were very easy to deal with and went through in detail the savings which to be honest were substantial. Within days we were up and running with our new supplier. They have continued to keep in touch and their support is reassuring. We would highly recommend S4P for their service and knowledge of our business"*
